

WIRELESS SPOTLIGHT

datasheet

Suitable Controllers

24W LED Power	300m Range	50,000 Hours	15° Beam Angle
877 Lux at 2m	Splash Proof	Flicker Free	RGBW LEDs
IR + RF Controllable	W-DMX Controllable	PAR64 Compatible	8-24 Hours of Operation
CE Approved	12 Pixels	Li-Ion Battery	1 Year Guarantee

Wireless Spotlight

AL7-L

Made for professional event and stage lighting, this battery-powered LED spotlight is easy to set up and use. It is suited to highlight special parts of a show with colorful LED light and provide an exciting illuminated background for events when controlled by the AsteraTouch, ARC2 Remote Controller or Wireless DMX setup. While the AL7-L can be placed flat on the floor and be angled with its stand, it is also designed to fit into standard PAR64 cans in a bid to replace conventional light sources.

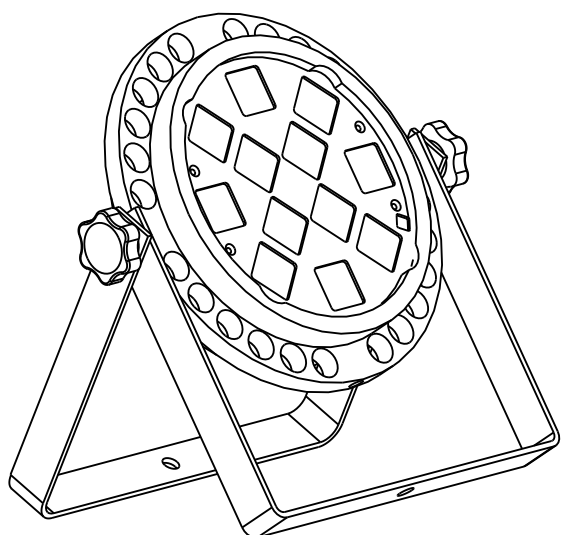

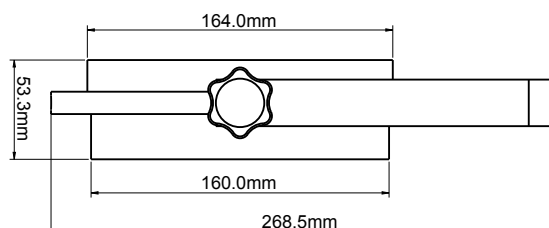

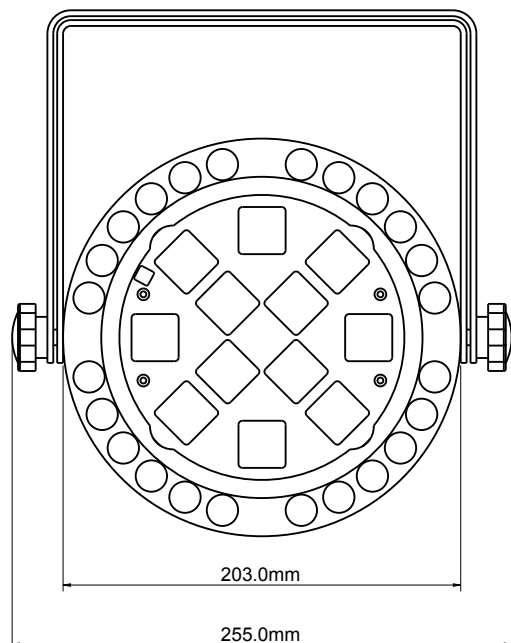

The Wireless Spotlight is perfect for lighting up pillars and walls, and with its wireless ability and lightweight design, it can be moved around with ease, and due to the multi-pixel ability, various unique light sequences can be made.

WIRELESS SPOTLIGHT

datasheet

Wireless Spotlight

Technical Specification

The Wireless Spotlight contains 192 bullet LEDs, each containing 125mW of LED power, totalling 24W LED power.

Illuminants:	192 LEDs	(48 x R,G,B,W)
Total LED Power:	24W	
Light Output:	48.46 lm on Red	
	139.3 lm on Green	
	30.21 lm on Blue	
	300.9 lm on Cold White	
Luminous Emittance:	877.4 lx at 2m	
Beam Angle:	15°	
Pixels:	12	
Battery:	Built-in Li-Ion Battery	
Operation:	8-24 hours	
LED Lifetime:	50,000 hours	
Working Voltage:	Input 110-240V, 50/60Hz	
Wireless Module:	868MHz receiver (US: 902-928MHz)	
Range:	300m / 330yds	
DMX Capable:	Wireless DMX with Astera Wireless DMX Transmitter (ART3)	
Housing:	Cylindrical aluminum housing (fits into PAR64 housings)	
Weight:	1.100kg	(2.4lb)
Dimensions:	Ø203mm x H53.3mm	
	Ø8.1" x H2.0"	
Environment:	Indoor / Outdoor (splash-proof)	
Features:	Color calibration, Temperature compensation, Gamma correction	
Included Accessories:	External power supply unit, 120° Diffuser lens, Legs	
Suitable Uses:	Stage, Spot, Event, Club, and Outdoor	
Fits:	PAR64
